Run# 642 – Run Report

Hare: Natalie Lillig

Run Site: Chestnut Avenue

The run site was familiar territory for the Horrors. After some complaining by Lipskin, the hare's consulting adult (Cunni) changed the site from the cramped gated meeting spot further down Chestnut Avenue to the site along the pipeline. The run started off by heading down Chestnut Avenue (the part that Cunni had wanted to avoid) under the BKE and back up the hill. At the top of the hill we went into the jungle along the trail that parallels the BKE. We then took the first trail to the left to head in towards the reservoir. From there we were up and down, in and out, under and over. There was some good shiggy to wet the shoes.

There were some beautiful stands of bamboo and other vegetation. Finally, we made it out of the jungle near the pumping station at the end of Chestnut Avenue. We then had to hoof-it back up Chestnut Avenue to the run site to feast on Mr. Hoe's roast pork and mashed potatoes.

Head Horror, Sim Preston, presented the Awards for 2008 at the circle. Former Horror **Karen Cheng** was brought into the circle. She attended the very FIRST Horrors run in 1983 and also hared the SECOND ever Horrors run. She was given an adult down-down as her proud parents, Mr. & Mrs. Sayeting, looked on. Games were organized for 7 and under (clothes-pin tag) and 8 and older (squirt gun ping-pong). Many thanks to Hare Natalie Lillig and her consultant (Cunni) for a great day!
